

IDIL M2 Ecology & Evolution – M2 report – guidelines & information

Length of the report: 20 pages (with figures). Cover page, own contribution, summary, references and supplements are additional and do not count in the page count.

The following sections are required

- Cover page (title, date, host structure, name of student, mentors and tutors) with logos (University of Montpellier, Faculty of Science, host structure and department of teaching Biology and Ecology)
- Description of your contribution (½ page max.)
- Summary (max. 350 words) + keywords (7 maximally)
- Introduction
- Materials & Methods
- Results
- Discussion
- References
- Supplementary material (if needed).

Language: English.

Font: Arial narrow, Time New Roman, Liberation Serif

Font size: 12

Page margins: 2cm

Pages should be numbered.

Figures (caption below) and tables (caption above) should be directly integrated into the main text.

In-text references: any author-year style.

The reference list can be formatted in any style that includes all author names, year, title, journal name, volume, pages.

The M2 project will be evaluated as a report and as a defence.

The report will have to be handed in to Emanuel Fronhofer (emanuel.fronhofer@umontpellier.fr) on May 28 before 23:59.

The defence will take place on June 06.
